

EOS Selection

as individual as your needs

Individuality
has no limits

EOS Selection offers you a brand-new innovative concept – spec your sauna heater by yourselves to suit your preferences and your individual sauna design.

Unfold your creativity, select from at least 16 designs with numerous options, each as a classic Finnish sauna heater or as a Bi-O sauna heater for flexible climate forms with integrated vaporizer and a water tank volume of approx. seven liters. EOS Selection is available in four power outputs from 7.5 kW to 12.0 kW. Built to impress – stylish polished stainless steel body, alternatively available with anthracite, matt black or matt white finish.

In addition, diabase, dark vulcanite or white quartz stones as well as an elegant guard rail crafted of solid abachi or walnut wood can be optionally selected. The optionally delivered stone quantity is approx. 40 kg for the Finnish version and approx. 25 kg for the Bi-O version.

Power supply: 400 V 3N ~ 50 Hz
Dimensions: 750 x 420 x 420 mm

Spec your sauna heater in a few simple steps:

Sauna heater type

Finnish
Stone volume: approx. 35 - 40 kg

Bi-O
Stone volume: approx. 20 - 22 kg

Power output

7.5 kW

for sauna cabin size
7 - 10 m³*

Vaporizer (Bi-O models):
2,0 kW (7 l water tank)

9.0 kW

for sauna cabin size
9 - 14 m³*

Vaporizer (Bi-O models):
2,0 kW (7 l water tank)

10.0 kW

for sauna cabin size
11 - 15 m³*

Vaporizer (Bi-O models):
2,0 kW (7 l water tank)

12.0 kW

for sauna cabin size
14 - 18 m³*

Vaporizer (Bi-O models):
2,0 kW (7 l water tank)

*Heater power refers to the standard wooden sauna and presents only a rough, non-binding suggestion.

CONTROL UNITS & ACCESSORIES

EOS EmoTec D | EmoTec H

Digital control unit for private and commercial operation.

EmoTec features a separate slim-sized display panel with a TFT colour display with menu navigation in 19 languages. The jog-dial knob allows to reach all essential functions and makes settings in seconds.

Many advanced functions – such as extended week timer, restricted access modes, energy saving ECO or power boost HOT mode.

Additional extension modules for music and coloured light control are optionally available.

EOS EmoTec H additionally with humidity control – suits all Bi-O type sauna heaters. Optional humidity sensor (allows exact humidity setting per rel. air humidity in %).

Model	Item no.
EOS EmoTec D anthracite	94 5559
EOS EmoTec D black / white	94 7256 / 94 6053
EOS EmoTec H anthracite	94 5560
EOS EmoTec H black / white	94 7257 / 94 6054

EOS EmoStyle D | EmoStyle H

Digital control unit for demanding private and commercial sauna cabins.

Exclusive design – stylish display panel with glass front.

The display panel can be installed remotely at up to 100 m distance. For flush-mounting or surface-mounting installation. With TFT colour display with menu navigation in 19 languages, operation via capacitive buttons.

All functions as the EOS EmoTec series models.

Additional extension modules for music, coloured light, remote control and others are optionally available.

EOS EmoStyle H – with humidity control, for all EOS Bi-O type sauna heaters. Humidity control effects either with proportional to time switching or as per relative air humidity (requires optional humidity sensor).

Model	Item no.
EOS EmoStyle D white	94 6314
EOS EmoStyle D black	94 6314
EOS EmoStyle H white	94 6315
EOS EmoStyle H black	94 6319

EOS EmoTouch 3

Innovative touchscreen control system – a true “high end class” experience for your entire spa.

Control of up to **8 cabins** from just one display panel (using extensions). Combine saunas, steam baths, hammams and infrared cabins as you wish – one control panel provides fast and easy access to all connected cabins and their functions.

The 7” capacitive colour touchscreen display with the patented graphic user interface featuring a photorealistic interactive cabin interior takes the operation to a completely new level of comfort. Smart guided setup, menu navigation in 20 languages, on-site update possibility, and fine tuning tools – leaving literally no wish unfulfilled.

Every connected cabin can be easily enhanced with additional control features – e. g. music and coloured light control.
