

## EOS Selection

as individual as your needs

# Individuality has no limits

EOS Selection offers you a brand-new innovative concept – spec your sauna heater by yourselves to suit your preferences and your individual sauna design.

Unfold your creativity, select from at least 16 designs with numerous options, each as a classic Finnish sauna heater or as a Bi-O sauna heater for flexible climate forms with integrated vaporizer and a water tank volume of approx. seven liters. EOS Selection is available in four power outputs from 7.5kW to 12.0kW. Built to impress – stylish polished stainless steel body, alternatively available with anthracite, matt black or matt white finish.

In addition, diabase, dark vulcanite or white quartz stones as well as an elegant guard rail crafted of solid abachi or walnut wood can be optionally selected. The optionally delivered stone quantity is approx. 40kg for the Finnish version and approx. 25kg for the Bi-O version.

Power supply: 400V 3N~50/60Hz  
Dimensions: 750 × 420 × 420mm
