

Technical data sheet

EOSphere

The event heater with plunging steam-shock effect for commercial sauna cabins.

The innovative event heater will turn your sauna visit to a unique experience. Impressive design with a movable rock store and an underlying illuminated water tank makes the EOSphere a highlight in every sauna.

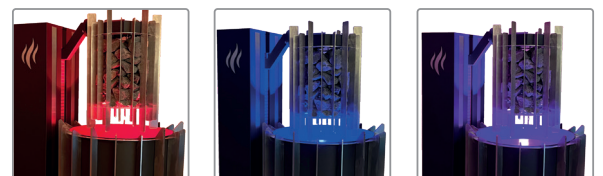

The heat output of the EOSphere alone is not sufficient for a sauna and usually requires an additional heating system.

Your advantages:

- Spectacular steam-shock effect with accompanying colour and light effects thanks to the innovative plunging function: The separate rock store heats the stones and then plunges down into the underlying water tank, accompanied by the specially coordinated light effects with colour changes from red to blue.
- High-quality construction, carefully crafted down to the last detail, with a high-contrast design of polished stainless steel and powder-coated components with anthracite pearl effect.
- Fully automatic function with adjustable time intervals and dwell time of the rock store in the water tank. Manual or automatic start.
- Luxury and exclusivity - no mass production, each system is individually handcrafted. Made in Germany quality from EOS.

Specifications:

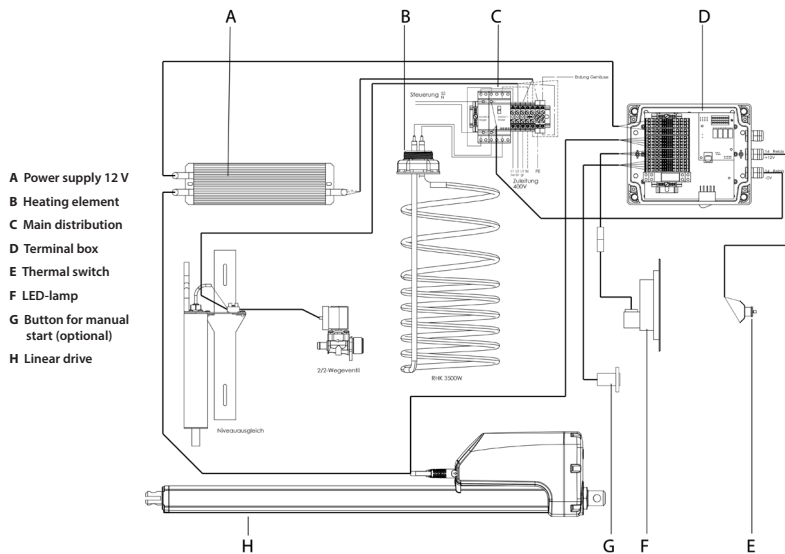

Outer shell:	Stainless steel
Rock store:	Stainless steel
Power input:	3,5 kW
Power supply:	400 V 3N ~ 50 Hz
Stone filling:	approx. 45 kg (Stones optionally available)
Dimensions (HxWxD):	160 x 72 x 101 cm
Installation:	Floor-standing model

Example of varying colours in the water tank due to the temperature changes

CE UK EAC IPx4 Made in Germany

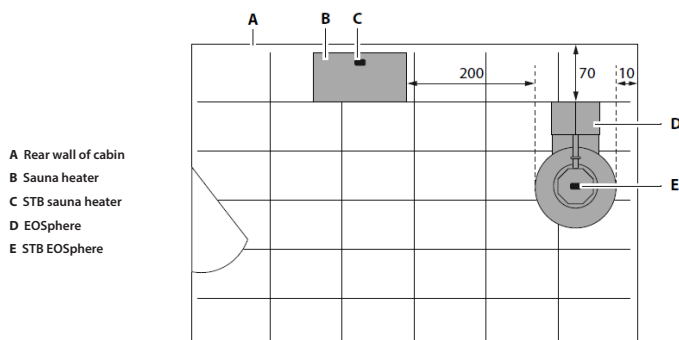

Connection overview

Installation example

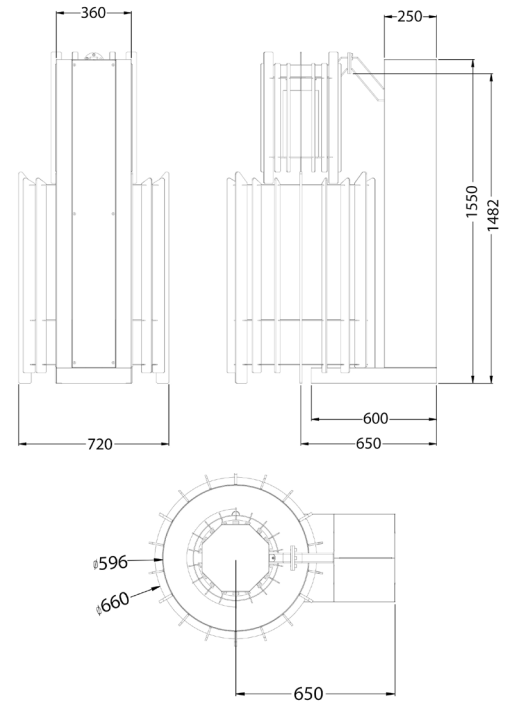

EOSphere must be aligned vertically and horizontally.
To level out a sloping floor, a platform may have to be built.

! Separate safety temperature limiter (STB) above rock store required.

! Approx. 10 cm distance to side of the wall
Approx. 70 cm distance to rear wall
Approx. 200 cm distance to heating sauna heater

Minimum clearances

Suitable sauna control units

Model
EOS Econ D series (D2 - D4)
EOS Compact D series
EOS EmoTec D series
EOS EmoStyle D / Hi series
EOS EmoTouch 3 series

Optional accessories

Button for manual operation	94 7380
